

WHAT IS HUMAN TRAFFICKING ?

Human trafficking generally takes two forms: sex trafficking in which a commercial sex act is induced by force, fraud or coercion, or in which the person induced to perform such act has not attained 18 years of age; or the recruitment, harboring, transportation, provision or obtaining of a person for labor or services, through the use of force, fraud or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage or slavery.

Human traffickers prey on people who are hoping for a better life, lack employment opportunities, have an unstable home life or have a history of sexual or physical abuse.

Traffickers promise a high-paying job, a loving relationship or new and exciting opportunities and then use physical and psychological violence to control them. (Human Trafficking, 2024)

EL TRÁFICO DE SERES HUMANOS ES LA ES LA ESCLAVITUD MODERNA.

DELAWARE ANTI-TRAFFICKING ACTION COUNCIL

DATAC is fully committed in leading the nation through comprehensive legislation, strong public awareness and solid partnerships with advocates throughout our state to address all aspects related to human trafficking.

Who We Are...

The Delaware Anti-Trafficking Action Council (DATAC) is a state agency that was formed through legislation and signed into law in August 2022. DATAC was formed to address Delaware's response, resources and overall awareness of human trafficking within our communities.

Human Trafficking is an egregious crime against some of the most vulnerable within our communities. No person should ever have the ability to define what another's value is in the world. We stand fiercely against any ideologies that buying another human being should ever be morally or socially acceptable. DATAC Executive Poore

"Remember that every person on the streets, in a club, on the internet, in a hotel room, WHEREVER they may be, have families and loved ones and hearts just as you do, and that they are worthy and enough. When you see us, could you just offer a small smile? Extend a small bit of compassion even though you may not personally understand? Small, simple actions have the potential to make a large impact, and now is the time more than ever before."

*—Melissa Diehl,
survivor of human trafficking*
